Who We Are

Anderson Packaging is a leading supplier of both clinical and commercial contract packaging services for the brand and generic ethical, OTC, biotech, medical, and healthcare industries. Since 1967, Anderson has grown steadily by providing imaginative packaging solutions while maintaining a record as one of the most dependable suppliers in the contract packaging industry. By combining leadership in advanced technology and project management with small-company attention to customer service, Anderson has remained the supplier of choice for pharmaceutical manufacturers and distributors worldwide.

Anderson features seven state-of-the-art packaging facilities located in Rockford, IL, totaling over 1 million sq. ft. Separate facilities allow segregation and security for proprietary customer processes or incompatible products. Ultra-modern facilities house state-of-the-art, high-speed, high-capacity packaging lines in tightly controlled FDA audited cGMP operations. Anderson's facilities are environmentally controlled, including primary packaging rooms with low humidity control and independent air handling.

Major Markets

Clinical and commercial packaging services for brand and generic pharmaceuticals, biotech, Over-the-Counter pharmaceuticals, medical, animal health, and healthcare.
