Company Description

Marlyn Nutraceuticals has a 60-year reputation for manufacturing excellence in the natural healthcare industry. Specializing in HydraFizz™ technology, Marlyn Nutraceuticals has the experience and expertise to develop, manufacture and package the highest quality products for the contract manufacturing and private label markets. We offer packaging solutions that lessen our impact on the environment and further differentiate your product from the competition.

Marlyn Nutraceuticals manufactures some of the most well known nutritional products on the market and we take pride in the level of stability we provide. Our full service manufacturing (research, production, quality assurance, packaging, shipping) and rigorous standards ensure that the integrity of your products will never be compromised.
