

Contract Manufacturing Solutions
for the Natural Products Industry

Vit-Best Nutrition

(V-eye-t Best)

Vit-Best Nutrition (formerly Vitatech Nutrition Sciences, Inc.) provides full-service solutions for contract manufacturing clients. 60 years of experience give Vit-Best the ability to accommodate each client's unique production requirements.

The world of nutritional products is driven by explosive change. The choice of a manufacturing outsource partner is critical. At Vit-Best, we understand production management. Our mission is to protect our client's brand with a quality product – delivered on time, on budget.

Flexibility and adaptability come from experience. Our professional management team averages 17 years. They manage some of the finest production facilities, manufacturing processes, ingredient sourcing, formulation development and product enhancement available anywhere in the industry.
