WHO WE ARE

Liberty Machinery Company is a used machinery dealer located just north of Chicago with over 25 years' of active experience buying, selling, and appraising pre-owned machine tools from the medical industry both domestically and internationally. We have the resources to purchase anywhere from one machine to an entire facility and the capabilities to expedite the removal of your machinery with our established network of riggers and transportation companies. While we offer brokerage services we prefer to buy outright for inventory; this means we pay immediately upon acceptance of our bids and remove according to your schedule. Please contact us whenever you have any surplus machinery to sell or are looking for used machinery to increase your manufacturing capacity.

MAJOR MARKETS

Medical, Dental, Aerospace, Defense, Tool & Die

SERVICES OFFERED

When you are looking to sell machinery...
Outright Purchases, Exclusive Sales (Consignment sales),
Brokerage & Customized Investment Recovery, Online Auctions,
Liquidation Services, and Appraisals.

When you are looking to buy machinery...

Liberty has 30,000 square feet of quality pre-owned machine tools which can be inspected at your convenience. We boast a full service shop with skilled specialists in servicing electronics, controls, hydraulics, and mechanical assemblies. Simply put, Liberty has the skills and know how to troubleshoot, repair, and demonstrate any machine prior to re-sale. If we don't have what you're looking for in stock we have professionals who spend all day finding machinery. Let Liberty tap into our vast client base with machinery to sell, our network of dealers, or let us represent you at an auction. Whatever the case, we have the man-power and expertise to help make the task of finding quality used machine tools easier.
